

Librarians supporting EPQ

CPD from Herts SLA

Wednesday 22nd May 2019

Universities are increasingly recognising the value of the Extended Project Qualification and the skills it teaches Sixth Form students. The EPQ is also a fantastic opportunity for School Librarians to deliver key Information Literacy skills, either as EPQ Coordinator or Supervisor, or in delivering taught skills and supporting students in their research.

For our next CPD training morning we are delighted to welcome academics and librarians from the University of Westminster School of Media and Communication who will be introducing their new EPQ outreach programme. This is a fantastic opportunity for us to extend our own research skills and support our students in the transition to university, and to find out more about Westminster's forthcoming CPD programme. As always, there will be opportunities for networking and sharing best practice.

Agenda

9.00-9.30 Arrival : tea/coffee and networking

9.30-10.00 EPQ essays and artefacts: putting theory into practice
