How membership of the School Library Association can help your school...

“We believe that the educational, emotional and developmental benefits of a school library deserve to be felt by all children in a diverse and changing world.”

About us...

The SLA is an independent charity committed to supporting and encouraging everyone working in school libraries.

We campaign to ensure appropriate provision for school libraries and school library services and provide a significant voice to focus attention at regional and national level.

Research shows that a good school library has an impact on reading, learning and motivation.

Information literacy is central to effective learning and should be placed at the heart of the curriculum.

One of the most important ways to promote and develop information literacy in schools is through the use of effective school libraries.

We promote best practice through our nationally recognised School Librarian of the Year Award.

Join the SLA and foster a reading and information culture that promotes independent motivated readers and learners for life.

Membership of the SLA offers:

- Publications covering all areas of planning, running and evaluating a library
- Discounts on a wide range of regional training courses and CPD for your staff, including our annual intensive weekend course
- Online training courses for primary and secondary librarians
- Telephone and e-mail advisory service to help you in setting up and running an effective school library resource centre which will enhance your pupils' learning – free to all members
- Members-only areas on the website with exclusive information and downloadable resources
- A free quarterly journal giving your staff all the latest reviews on new books and articles describing best practice.

Apply online at www.sla.org.uk
or return the attached application form.
